

**Item 1 – Introduction**

Emerant Wealth, LLC (“we”, “us” or “our”) is registered with the U.S. Securities Exchange Commission (“SEC”) as an investment adviser. Investment advisory services and compensation structures differ from that of a registered broker-dealer, and it is important that you understand the differences. Free and simple tools are available to research firms and financial professionals at [www.Investor.gov/CRS](http://www.Investor.gov/CRS). The site also provides educational materials about broker-dealers, investment advisers and investing.

**Item 2 – Relationships and Services****What investment services and advice can you provide me?**

We provide investment advisory services, including discretionary investment management and financial planning services to individuals, trusts and estates (our “retail investors”). When a retail investor engages us to provide investment management services we shall monitor, on a continuous basis (no less than quarterly), the investments in the accounts over which we have authority as part of our investment management service.

Furthermore, when engaged on a discretionary basis, we shall have the authority, without prior consultation with you (unless you impose restrictions on our discretionary authority), to buy, sell, trade and allocate the investments within your account(s) consistent with your investment objectives. We also offer the Emerant Wealth Intelligent Portfolios Program, an automated investment program offering different client strategies. Clients in this program have access to adviser representatives for additional support. Our authority over your account(s) shall continue until our engagement is terminated. We offer investment management and financial planning services as part of our standard investment advisory engagement. However, we may also be engaged to provide financial planning services on a separate fee basis. When we provide financial planning services, we rely upon the information provided by the client for our financial analysis and do not verify any such information while providing this service. We do not limit the scope of our investment advisor services to proprietary products or a limited group or type of investment.

**Additional Information:** For more detailed information about our *Advisory Business* and the *Types of Clients* we generally service, please See Items 4 and 7, respectively in our ADV Part 2A.

**Conversation Starters:**

*Given my financial situation, should I choose an investment advisory service? Why or why not?*

*How will you choose investments to recommend to me?*

*What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

**Item 3 – Fees, Costs, Conflicts, and Standard of Conduct****What Fees will I pay?**

We provide our investment advisory services on a fee-only basis. When engaged to provide investment management services, including the automated investment program, we shall charge a fee calculated as a percentage of your assets under our management (our “AUM Fee”). Our annual AUM Fee, including our automated investment program fee, is a flat fee of 1.00%. We typically require an initial minimum investment amount of \$250,000 for asset management services. We do not impose a minimum annual fee in connection with our investment management services. We typically deduct our AUM Fee from one or more of your accounts, in advance, on a quarterly basis based upon the value of the asset on the last business day of the previous quarter. Because our AUM Fee is calculated as a percentage of your assets under management, the more assets you have in your advisory account, the more you will pay us for our investment management services. Therefore, we have an incentive to encourage you to increase the assets maintained in accounts we manage. Our financial planning and consulting fees are negotiable but generally range from \$500 to \$50,000 on a fixed fee basis, and from \$75 to \$450 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). We are affiliated with certain private investment funds which are not made available to retail clients.

**Other Fees and Costs:** Your investment assets will be held with a qualified custodian. Custodians generally charge transaction fees for effecting certain securities transactions. Custodians may also impose separate administrative or service fees. In addition, relative to all mutual fund and fixed income security transaction fees, certain charges will be imposed at the fund level (e.g. management fees and other fund expenses). You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. We are owned by Warren Averett Asset Management, LLC (“Warren Averett”), an SEC registered investment adviser. Warren Averett may refer certain clients to us for advisory services and vice versa. While no referral fee is collected by either firm, our representatives may indirectly benefit in relation to its ownership in Warren Averett.

**Additional Information:** For more detailed information about our fees and costs related to our management of your account, please See Item 5 in our ADV Part 2A.

**Conversation Starters:** *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. As an example, we may recommend a particular custodian to custody your assets, and we may receive support services and/or products from that same custodian, certain of which assist us to better monitor and service your account while a portion may be for the benefit of our firm. Also, we may recommend that you roll over your retirement plan assets into an account managed by us and in which we may earn new, or an increase, in current compensation as a result of the rollover.

**Conversation Starter:** *How might your conflicts of interest affect me, and how will you address them?*

**Additional Information:** For more detailed information about our conflicts of interest, please review our ADV Part 2A.

**How do your financial professionals make money?**

Our financial professionals are compensated on a salary basis. They may also receive a share of the fees that we receive from the clients that they introduce to the firm. Certain of our financial professionals have an ownership interest in Warren Averett or its parent and may indirectly benefit from business referred to these firms. You should discuss your financial professional’s compensation directly with your financial professional.

**Item 4 – Disciplinary History**

**Do you or your financial professionals have legal or disciplinary history?**

No. We encourage you to visit [www.investor.gov/CRS](http://www.investor.gov/CRS) to research our firm and our financial professionals. Furthermore, we encourage you to ask your financial professional:

*As a financial professional, do you have any disciplinary history? If so, for what type of conduct?*

**Item 5 – Additional Information**
